About Canada Together:

Friday, July 1st

Canada Together (11 am-6 pm)

Now named Canada Together, the event has been planned collaboratively with representatives from the Musqueam, Squamish, and Tsleil-Waututh Nations. From programming to the name and theme itself, the details of the day were carefully considered to create a welcoming experience for all people who live in this country.

The theme this year is "Weaving together the fabric of a nation," chosen to honour Canada's diversity and set an intention for the day to gather, celebrate, learn, and share. Weaving is a common activity across many cultures and is a metaphor for the way the beauty, strength, and wisdom from the past can combine through multiple perspectives to create something meaningful for today and tomorrow.

The gathering will feature a day of festivities, great food, family fun, and performances.
