DR. SUSAN BIALI HAAS

An award-winning medical doctor, Dr. Susan Biali Haas' life passion is to equip people with the knowledge, skills, and tools that will help them to enjoy optimal mental health, avoid burnout, and increase their resilience. Formerly clinically depressed and burned out, Haas turned her life around by extensively studying how to overcome these two debilitating conditions. Today, she inspires a broad range of clients – from military leaders and senior executives to physicians and other healthcare professionals – to take control of their health and start living more impactful, meaningful lives.

As a physician, Haas boasts 20 years of primary care experience, working in urban medical clinics. She also worked as a mental health clinician, counseling patients with anxiety and depression during the first year of the COVID-19 pandemic. A popular blogger for Psychology Today, Haas' articles have attracted more than ten million views. American Express recognized her as a "Real Life Potentialist", someone who has branched from traditional paths to reach their full potential through pursuit of their passions.

Join special guest Dr. Susan Biali Haas, an award-winning medical doctor specialising in mental health and resilience, as we pay tribute to tourism's top performers at the 31st Annual Vancouver Tourism Awards Gala Breakfast.

WEDNESDAY, OCTOBER 12TH, 2022 | 7:00am
